

## Right Now (CAPO 3<sup>RD</sup> FRET)

(from Elishah's album, *Nothing's Broken*)

**C**                    **G/B**   **Am7**            **F**

The words I've spoken have all been said before

**C**                    **G/B**     **Am7**            **F**

So here I'm broken, weeping at Your feet once more

**Am7**   **F**   **Am7**   **F**

Come to me, come to me

**C**            **G/B**   **Am7**     **F**        **G**

Have my heart, take me in Your hands

**C**     **G/B**   **Am7**     **F**        **G**

Sing to me the very sweetest of songs

**Am7**            **F**        **Am7**            **F**     **G**

It's only Your voice, it's only Your voice I hear right now

**C**                    **G/B**     **Am7**            **F**

The music's playing familiar melodies

**C**                    **G/B**     **Am7**            **F**

But still I'm staying right here down on my knees

**Am7**            **F**   **Am7**            **F**

You're with me, You're with me

**Am7**     **F**   **Am7**     **F**   **Am7**     **F**

Come to me, come to me, You're with me
